Why UG?

A world-recognised University

The University of Guyana has institutional accreditation, and programmes such as Medicine and Engineering also have accreditation. Over its **62-year history**, UG has provided education, training, and research for over **71,000 alumni** with significant national and global impact. Our degrees are internationally recognised and marketed.

Research and Innovation Opportunities

The University of Guyana, through its students, faculty and research institutes, has consistently produced path-breaking research which continues to add to the existing body of knowledge in various areas of academic research. Within the last four years alone, the world ranking of the University of Guyana has risen over 300 points, steadily climbing towards the upper quartile of academic institutions worldwide.

Tuition Free for Guyanese Students

The Government of Guyana is underwriting tuition and facilities fees for Guyanese students only, effective **January 1, 2025**. However, if there are any other costs incurred, these will be your responsibility to discharge. International students must pay the full cost of their programme of study.

Provisional Acceptance for CSEC/CAPE Students

Students awaiting CSEC/CAPE results should apply for admission pending their exam results.

180+ Internationally
recognised programmes
in over 80 disciplines

Modes of Learning

- ✓ Face-to-Face
- ✓ Blended

UG in Brief

The University of Guyana, the accredited national University of Guyana, now in its 62nd year, was founded in October 1963, three years before Guyana became independent. “UG”, as it is fondly referred to, offers over 180 distinct programmes in over 80 disciplines, from Certificates, Diplomas, associate degrees, Bachelor’s Degrees, and Master’s Degrees to Ph.D.’s. These programmes are offered in online, face-to-face or blended formats. UG delivers through a system of eight campuses. This includes its 37-year-old community-based Institute for Distance and Continuing Education (IDCE) and the second central campus at Tain in Berbice, celebrating its 25th anniversary in 2025, as well as the pathbreaking Maoka Taawa Forest Campus. The University of Guyana’s student population is over 11,500.

Through its 9 Faculties and 13 Research Institutes and Centers, including an accredited College of Medical Sciences, School of Entrepreneurship and Business Innovation and the Faculty of Earth and Environmental Sciences which has been ranked # 5 globally, “UG” has provided education, training and research for over 71,000 alumni over its 62- year history with significant national and global impact. Key faculties include the Faculty of Engineering and Technology, the Faculty of Agriculture and Forestry, the Faculty of Natural Sciences, the College of Behavioral Sciences and Research, the Faculty of Education and Humanities and the Faculty of Social Sciences. The University’s 10 Research Institutes include the recently launched Institute for Marine and Riverine Ecologies and Economies (IMAREE), the internationally important Centre for Biodiversity, the Institute for Food and Nutrition Security, the Institute for Research, Innovation and Entrepreneurship, the Institute for Energy Diplomacy, the Green Institute, the Institute of Gender Studies, the Institute for Human Resiliency, Strategic Security and the Future, and the International Centre for Excellence in Early Childhood Education.

The mission of the University of Guyana is to discover, generate, disseminate and apply knowledge of the highest standard for the advancement of communities, the nation, and mankind within an atmosphere of academic freedom, transparent accountability, pragmatic innovation and universal respect.

UG’s forward-thinking Blueprint 2040 is currently setting the course for the University’s future design and institutional response to the changing needs of Guyana, the region and the world. It is entering the 2nd of its four phases. UG is currently celebrating its 63rd anniversary with a continued focus on becoming the leading teaching and research University in Guyana.

Aspirational Goals UG’s Blueprint 2040

1 Graduate

per household

Become a world leader in specific knowledge techniques and technologies.

Emerge as a centre of excellence in research responses to Guyana’s and the planet’s grand challenges.

Evolve as a model University that is fit for the future and focused on Student-Citizen success.

Statutory Officers of the University

Sir Ronald Sanders, KCMG, KCN, AM
Chancellor

Dr Randolph B. Persaud
Pro-Chancellor

Prof. Paloma Mohamed Martin
Vice-Chancellor, XI

Prof. Gomanthinayagam Subramanian
Director, UG Berbice Campus

Prof. Emanuel Cummings
Deputy Vice-Chancellor, Academic Engagement

Dr. Diana Gobin
Deputy Vice-Chancellor, Finance and Administration

Dr. Nigel Gravesande
Registrar

Holda Poonai
Bursar

Dr. Simone Bernard
Librarian (Ag)

Dr. Jacqueline Murray
Director, Institute of Distance and Continuing Education

Dr. Katija Khan
Dean, College of Behavioural Sciences and Research

Prof. Rajini Kurup
Dean, College of Medical Sciences

Dr. Dillon Husbands
Dean, Faculty of Agriculture and Forestry

Dr. Michelle Semple-Mc Bean
Dean, Faculty of Education and Humanities

Dr. Kofi Dalrymple
Dean, Faculty of Engineering and Technology

Linda Johnson-Bhola
Dean, Faculty of Earth and Environment Sciences

Dr. Dianna DaSilva-Glasgow
Dean, Faculty of Social Sciences

Dr. Hector Edwards
Dean, School of Entrepreneurship and Business Innovation

Dr. Troy Thomas
Dean, Faculty of Natural Sciences

Academic Calendar (2026/2027)

Turkeyen, Berbice & IDCE Campuses

Semester I/2026 (March - December 2026)

Dates	Events
Mar 30, 2026	Commencement of Period for the Submission of Online Applications – New Students ONLY (Phase 1)
May 9, 2026	End of Period for the Submission of Online Applications – New Students ONLY (Phase 1)
July 6 th - August 17 th 2026	Period for the Submission of Online Applications – Continuing Students ONLY (Phase 2)
Jul 20 - 25, 2026 (with the exception of the Bachelor of Law programme)	Period for Administering Re-sit Examinations in respect of Previous Academic Year 2024/2025 (Semester 2)
Jul 1 – Aug 31, 2026	Early Registration Period (New & Continuing Students)

Study at UG

FACULTY OF AGRICULTURE AND FORESTRY

The University of Guyana’s Faculty of Agriculture and Forestry is small but a powerhouse.

The Faculty of Agriculture was established in 1977, and the Forestry Unit, initially under the Office of the Vice-Chancellor, was placed under the Faculty in November 1989. The Faculty of Agriculture was renamed the Faculty of Agriculture and Forestry in September 2002.

Graduates of the Faculty continue to make significant contributions to the agricultural, fisheries and forestry sectors both locally and regionally. They are grounded to fill key positions in private and public enterprises at middle and senior management levels.

FACULTY OF EARTH AND ENVIRONMENTAL SCIENCES

Assistant Dean,
Mr. Esan Hamer

The Environmental Studies Unit (ESU) was established in 1993 to promote education and research and guide decision-makers and national agencies in natural resources management and environmental conservation. The School attained the status of Faculty of Earth and Environmental Sciences (FEES) on October 1, 2016, in recognition of the growing need to produce earth and environmental scientists with the requisite skills and knowledge to understand and appreciate the complexities of natural and human systems and their interactions.

“My name is Carvil Adams, and I pursued a Bachelor's Degree in Edu“I have two small babies, and many nights I had to stay up late while they went to bed without me. I must say, the support from my parents, sister, and husband was undoubtedly impactful.

I teach at the Johanna Cecilia Secondary School in Essequibo. I’m the first in my family to achieve this level of education, and it feels extremely good. My encouragement to anyone who wants this is to get it done. Even though it may be challenging, it is worth it,” Padmani Madho said.

FACULTY OF ENGINEERING AND TECHNOLOGY

Engineering today is more than a profession; it's a powerful force for shaping our nation's future.

The Faculty of Technology was established in 1969, and the name was changed to the Faculty of Engineering and Technology on July 9, 2018.

As Guyana enters a new era of growth and transformation, driven by natural resources and the ingenuity of the Guyanese people, the need for skilled engineers has never been greater. At the Faculty, they are preparing the next generation of engineers who will design, build, and innovate solutions that push Guyana forward sustainably and responsibly.

FACULTY OF NATURAL SCIENCES

Being a Faculty of Natural Sciences student can be a challenging and rewarding experience.

Faculty of Natural Sciences (FNS) students benefit from quality teaching on campus, online, and off-campus training. We are committed to supporting and enhancing the student academic experience through the use of a variety of teaching and learning tools. Extra-curricular opportunities include volunteering at the Biodiversity Center, Biannual Computer Science Exhibition, University of Guyana Astronomical Society, and membership to clubs such as the Chemistry Club, Botany Club, Journal Club, Social Media Club and Robotics Club.

FACULTY OF SOCIAL SCIENCES

The Faculty of Social Sciences is the largest constituent of the University of Guyana, with over 1900 students enrolled.

The Faculty recognises its dynamic role in fashioning national consciousness and creating research, services, products and graduates of the highest quality who are experientially, practically and attitudinally equipped to position Guyana as a regional and global leader. The ideas of relevance, service, excellence, advancement, personal, intellectual, academic and other freedoms are embraced.

“It’s an honour to be graduating today, and I am very grateful to be here. It truly is a privilege, especially as Guyana continues to develop. I believe it is important for us as graduates to take this step now, because by advancing our human resources, our country can become a better place.

I faced many significant challenges, with countless late-night study sessions and hurdles along the way, but all glory to Jesus Christ for giving me the strength to persevere and overcome them. I am happy to have my parents, my grandmother and my two brothers here with me today.”

COLLEGE OF MEDICAL SCIENCES

The College of Medical Sciences has a rich history of delivering medical education in Guyana, encompassing several schools in medicine, nursing, and pharmacy, among others.

The University of Guyana's College of Medical Sciences (CMS) was established as the Faculty of Health Sciences in 1981. Before that, the Faculty of Natural Sciences offered health sciences programs. The College's mission emphasizes the importance of a healthcare team approach, recognizing that all disciplines must work together to ensure the best possible patient outcomes.

“ Graduating today is a proud moment for me. I’m happy that I have accomplished something I’ve always wanted in life, and I’m grateful for my family’s support and for God’s blessings.

I had to leave work and my home in Lethem, Region Nine, and seek accommodations here in Georgetown with my son, who is attending school. It was very challenging, with late nights of studying and preparation for exams. I want to thank myself first for being patient and determined, and my mother for her massive support through it all. ”

Vernicia Albert
Bachelor of Science (Environmental Health) (Occupational Health and Safety)
College of Medical Sciences

“For me, graduating today is a major milestone. After high school, I wasn’t sure what to do next, so I attended the Government Technical Institute and earned my Ordinary Diploma in Science. After that, I decided to pursue this degree, but it wasn’t easy. I faced many challenges that affected my studies, but I thank God for bringing me through. I’m extremely grateful to have my siblings here supporting me today.” -

Demi Moore

“Graduating today is a really big achievement for me. I’m the last born for my mom, so it means a lot to complete this and make her proud. I won’t pretend these four years were easy. My second year was especially challenging, and I didn’t think I’d finish with my peers. But with God, determination, and perseverance, I managed, and now I’m graduating. My mom, my aunt, and my dearest friend, Tatiana, are here supporting me today.” - **Carolann Correia**

“It means a lot to be graduating today because I am the first in my family to graduate from the University of Guyana. This is something my mother would have loved for me. She passed away, and seeing me graduate would have been one of her dreams. A major challenge was traveling back and forth for classes since I live in Linden. I’m happy to have my little sister here supporting me.” - **Dequan Holder**

“Graduating today means so much to me, especially since I’m the first in my immediate family to graduate from university. Both of my parents didn’t have the opportunity to attend, and as their eldest child, this achievement feels even more significant. I struggled with imposter syndrome in my first year because I applied right after high school. I faced a lot of self-doubt and anxiety throughout my journey, but I’m happy I overcame it. My mother, grandmother, godfather, and my boyfriend all came to support me today.” -

SCHOOL OF ENTREPRENEURSHIP AND BUSINESS INNOVATION

The School’s philosophy is built around developing students with high standards of Professionalism, Academics, Character, Engagement, and Superiority (PACES).

The School of Entrepreneurship and Business Innovation (SEBI) was established in 2017 because of a call for strategic focus on institutionalizing an entrepreneurship education program at the tertiary level. The School operates at the University of Guyana Campuses, i.e., Tain, Berbice, and Turkeyen, Georgetown.

INSTITUTE FOR HUMAN RESILIENCY, STRATEGIC SECURITY AND THE FUTURE

Human resiliency is essential because of the earth's myriad of continuous, multifaceted and complex threats.

The 2023 William J. Perry Award for Excellence in Security and Defense Education was awarded to the University of Guyana's (UG) Institute for Human Resilience, Strategic Security, and the Future (IHRSSF). The award, bestowed each year upon individuals or institutions in recognition of their significant contributions to security and defence education, honoured UG's effort to develop future leaders to address critical security and defence challenges within Guyana and the Americas.

INSTITUTE OF MARINE AND RIVERINE ECOLOGIES AND ECONOMIES

The Institute for Marine and Riverine Ecologies and Economies (IMAREE), aka Water Worlds, will play a pivotal role in advancing research, education, and innovation in marine and riverine ecosystems.

The Institute’s mandate is comprehensive, encompassing collaboration with national and international partners to bridge existing gaps in understanding and managing marine and riverine ecosystems. The Institute’s expansive geographical focus includes Guyana’s marine spaces, river basins, estuarine areas and the associated coastal and riparian zones.

SCHOOL OF GRADUATE STUDIES AND RESEARCH

The School of Graduate Studies and Research plays a vital role in fostering national, economic, and social development through the pursuance of a research agenda that will foster investments in building human capital (knowledge, skills, and attributes) at the graduate level, and innovative and ground-breaking research, as well as publications that together, will provide a scientific basis for sound decision-making.

Additionally, the UGSGSR offers new insights into complex issues of biodiversity, environmental management, society, and sustainability.

UNIVERSITY OF GUYANA BERBICE CAMPUS

The University of Guyana Berbice Campus is dedicated to research-oriented, relevance-based, impactful practices.

The University of Guyana Berbice Campus (UGBC) commenced classes on November 6, 2000, with an enrolment of 150 students and a faculty of 22 lecturers based on its single Tain Campus. By 2004, UGBC had expanded to include the Johns Science Centre in Johnsville, and more recently, in 2024, the Institute for Marine and Riverine Ecologies and Economies (IMAREE), which is expected to play a pivotal role in advancing research, education, and innovation in marine and riverine ecosystems.

INSTITUTE OF DISTANCE AND CONTINUING EDUCATION

The Institute of Distance and Continuing Education, formerly the Department of Extra Mural Studies within the Faculty of Education and later a separate entity, the Institute of Adult and Continuing Education, at the University of Guyana.

The University of Guyana's Extra Mural activity was launched on January 2, 1976, with the opening of the Department of Extra Mural Studies in the Faculty of Education, thirteen (13) years after the establishment of the University.

The IDCE currently operates five centres in Anna Regina, Bartica, Georgetown, Linden and New Amsterdam, with a sixth coming soon to Lethem. In any given year, the Institute graduates over four hundred (400) students, many of whom have pursued careers in law, business, and education.

Getting into UG

Am I eligible?

How do I gain admission to UG?

1. Applicants must be at least sixteen (16) years of age in the calendar year of admission to the University except in instances where the regulations for a specific programme otherwise specify.
2. Applicants must meet the **general admissions requirements** set out by the Academic Divisions to which the Applicant is applying.

Kindly note, however, that in addition to the academic criteria which students must satisfy, admission into a programme of study is also dependent on the availability of space on the particular programme chosen by the applicant.

Some programmes are very competitive to gain admission. Students have the option of selecting up to three programmes when they are applying for admission.

It is recommended that students select up to three programmes when applying for admission.

General Entry Requirements for Degree Programmes

1 Three (3) subjects at the GCE Advanced Level plus two (2) subjects at CSEC General Proficiency/IGCSE/ GCE Ordinary Level not obtained at Advanced Level. English Language and, in most case,s Mathematics must be among the subjects obtained.

3 A minimum of five (5) CSEC General Proficiency (Grades I & II; and III from 1998) /five (5) passes at IGCSE/GCE 'O' Level,including English Language, the subject(s) required for the pursuit of the major, where applicable, and Mathematics for designated programmes¹.

or **2** Two (2) subjects at the GCE Advanced Level plus three (3) subjects at CSEC General Proficiency/ IGCSE/GCE Ordinary Level not obtained at Advanced Level. English Language and in some cases Mathematics must be among the subjects passed.

or **4** Persons of mature age (a minimum of 21 years in the calendar year of entry to the University) who do not meet the minimum requirements but who can satisfy the University that they have had a suitable education may be considered for admission.

Where there is a variation of the above, it will be shown under the respective Academic Divisions's admission requirements.

¹ A Special Sitting of the Academic Board on November 3, 2015 unanimously approved that the number of sittings as a requirement for admissions be removed from the General Entry Requirement.

- Holders of CXC Associate Degree (Arts / Science) may be admitted into a 2-year or 3-year Bachelor's Degree programme.
- CAPE (I and II Units per subject as appropriate) grades I to V are acceptable, but grades I to III may qualify for exemption as determined by the respective Academic Unit.
- GCE 'A' Levels (I and II Units per subject as appropriate) grades A to E are acceptable but grades A to C may qualify for exemption as determined by the respective Academic Unit.
- GCE 'O' Levels (Grades A- E) are acceptable.
- IGCSE grades A- E are acceptable.
- The acceptance of CSEC Grade III applies only to the results for examinations taken in June 1998 and thereafter.
- Applicants with five as stipulated above, without the requisite English or Mathematics or any other prescribed subject, at the acceptable grade, may be permitted to write a Qualifying Examination in the respective subject area or do the foundation course offered by IDCE in the respective subject area.
- Applicants who possess either of the basic entry requirements mentioned above but still do not satisfy the requirements of a particular Department may be required to pass the prescribed foundation courses where offered.
- Applicants of mature age (i.e. a minimum of 21 years in the calendar year in which entry is being sought) who do not meet any of the admission requirements will be required to write the UG Entrance Examination.
- Students who were previously admitted to the University and who attended and successfully completed at least a semester or, at most a year, may be granted re-entry on the basis of the following:
 - Their pre-university qualifications and their university credits even though the criterion under which they were admitted previously no longer pertains.
 - These persons must have been students within the preceding five (5) years of application.
- Certification from other relevant Tertiary Institutions that are registered with the National Accreditation Council or Accreditation Council in other jurisdictions can be admitted into year 1 /2 of the respective programme as determined by the transcript.
- Applicants may be asked to attend Interviews.

General Entry Requirements for Associate Degree, Diploma and Certificate Programmes

- 1

Five (5) IGCSE/GCE/ 'O' level/ 5 CSEC General Proficiency passes including English Language and Mathematics.
- or
- 2

Persons of mature age (a minimum of 21 years in the calendar year of entry to the University) who do not meet the minimum requirements but who can satisfy the University that they have had a suitable education may be considered for admission.

Students' who have attained Grades Four and Five at the CSEC level may matriculate in any University of Guyana Certificate programme in order to become eligible for entry into the University of Guyana Bachelor Degree Programme.

University of Guyana Entrance Examination

Applicants who do not possess the minimum general admission requirements as stipulated above will be required to write the University of Guyana Entrance Examination (UGEE).

University of Guyana Entrance Examination (UGEE) – 2025/2026		
Apr - Dec 2026 (Semester 1) Sittings – To be determined and announced.	To be Administered Online	Results will be released approximately one (1) week after the administration of the examination
Jan- Mar 2027 (Semester 2) Sittings – To be determined and announced.		

Persons Eligible for the University of Guyana Entrance Examination

- Those applicants who are qualified for admission by virtue of relevant passes at the CSEC General Proficiency/IGCSE/GCE 'O' Level and other approved qualification WILL NOT be required to write the UGEE.
- Those applicants who expect to qualify for admission by virtue of relevant passes at the May/June IGCSE/GCE/CSEC examination may opt to write the UGEE.
- Those applicants who fall into one of the following categories will be required to write the UGEE:
 - Those applying for admission under the Mature Student category.
 - Those applying for admission with Certificates or Diplomas which had been previously accepted for admission purposes OTHER THAN:
 - The Diploma in Agriculture for applicants to the Faculty of Agriculture and Forestry.
 - The Trained Teachers' Certificate for applicants to those programmes that allow this qualification as an entry requirement.
 - A Diploma from any of the (Government) Technical Institutes for applicants to the Faculties of Natural Sciences, and Technology, and College of Medical Sciences unless otherwise stipulated by the Academic Board.
 - The IDCE Certificate in Industrial Relations and Management.
 - The Commonwealth Youth Programme Diploma in Youth Work.
 - Any other qualification approved by the Academic Board.

Several sittings of each examination may be offered in the specified periods identified above. For more information, kindly make contact with the Office of Examinations, Registry at:

Call or WhatsApp: +592 620-0016 / +592 623-1896
Email: examinations.registry@uog.edu.g

Pre-University

- Pre-University courses, certificates, and diplomas from reputable entities, including IDCE, but not specific to Industrial Relations, used as matriculation requirements should be accepted.
- Qualifications from an acceptable level from an accredited or recognised entity, such as regionally, e.g. Caribbean Vocational Qualification (CVQ), nationally, e.g. from the Get Ready for Opportunities to Work (GROW) programme; which connects internationally to, e.g. The Scottish Credit Qualification Framework (SCQF) and the General Education Diploma (GED), should be considered as entry-level requirements.

Where it is determined that a person gained admission to the University of Guyana without fulfilling the stated admission requirements for his/her programme, an investigation shall be conducted into the circumstance(s) of the said admission.

If the investigation reveals that admission was obtained in any manner other than that provided for in the University’s Regulations governing Admission, the person will be withdrawn from the programme to which he/she was admitted.

However, such withdrawal would not prevent that person from being eligible for admission to the University (at the regular time for admission) whenever the admission requirements are met.

How to Apply

Here is a quick guide to applying to the UG.

- 1

Choose your Major. Explore what the Academic Unit you would wish to apply to has to offer.
- 2

Apply online through the University of Guyana website at www.uog.edu.gy. Select the Student's Records Management System (SRMS) portal of your choice:

 - Turkeyen Campus
 - Berbice Campus
 - IDCE
- 3

To begin the application process click 'create a login' as a New Applicant. This will automatically log you into the Online Application process.
- 4

Set up your application account by creating an Applicant Login and password. (Special characters e.g.*&^%\$#@! should not be used in the login name)
- 5

Complete your application online. Complete your application by entering all information in the fields of the application form.
- 6

Submit your Application. Preview and verify the application, then click SUBMIT.
- 7

Certificate of Declaration Download, print, fill out and sign your Certificate of Declaration Sheet.

- 8

Upload notarised/certified copies of the following documents to your online application to assist with the verification process:

 - Signed Certificate of Declaration form
 - Academic qualifications
 - Birth certificate/passport
 - Marriage Certificate (optional)
 - Passport size picture
- 9

Track your application status by returning to your application account using the applicant login and password created earlier. Enter the information under 'Prospective Student Login'>'Status' Scan the QR code for a demo video on how to proceed after submitting the Application:
